

OGDEN GUARD JOINS U. S. BODY

Stillwell Receives Word of Affiliation With Strong Commercial Organization

Formal notification was received today by Secretary Stillwell that the Ogden Chamber of Commerce has been elected to membership in the Chamber of Commerce of the United States. Affiliation with the national chamber gives the Chamber of Commerce a voice in the activities and affairs of that constantly growing body of organizations, which now numbers about 1,400 commercial and trade organizations.

Closely following its election to the national chamber the Ogden Chamber of Commerce will appoint a national councillor who will serve as a connecting link between the local organization and the national chamber at Washington. Hereafter when policies affecting business are under discussion by the federal authorities the Ogden Chamber of Commerce will have a chance to express itself in as much as one of the chief functions of the Chamber of Commerce of the United States is to coordinate the business sentiment of the country. From time to time referenda are sent out by the national chamber for the purpose of ascertaining the opinion of the business and the government departments, opinions prevailing throughout the country on questions of importance.

The views and opinions of the nation's business men, expressed through the national chamber, are listened to with respect. In fact the views of the chamber on important legislative matters affecting business are sought. Never before in the history of the United States have business interests been so efficiently represented at the national capital where there seems to be an increasing business centralization all the time.

The national chamber will soon have a home of its own, just across Lafayette Square from the White House. A \$2,500,000 fund for this building has practically been all subscribed. It will be an elaborate workshop for American business, in the study and solution of its national problems.

PAVING IS BEGUN NORTH OF BRIDGE

Double-tracking of the street car line and paving of north Washington avenue from the river bridge to the city limits began this morning when workmen began to lay the concrete for the new track. Operations began just north of the Ogden river bridge and will progress north, it was stated by Utah-Idaho central railroad officials who have directed the work.

COX RUSHING TO FINISH ADDRESS

Gerard Tells Nominee There Is Strong Democratic Swing in West

DAYTON, O., July 25.—Arrangements for notification of Governor Cox on August 7, of his nomination for president by the Democratic party virtually were completed today, and almost complete seclusion to draft his address of acceptance.

The notification will take place at the Montgomery county fair grounds instead of at Trail's End, the governor's country residence. Governor Cox agreed it would be entirely impossible to accommodate guests at Trail's End.

Ceremonies on August 7 will begin about 1 p. m. with a parade of visiting Democratic delegations to be reviewed by the candidate, who will deliver his address when the preliminaries are concluded. A special amphitheater will be built to supplement the grandstand.

ONLY FIVE DAYS. Governor Cox has practically only five days to prepare his address and except to see Senator Pomeroy of Ohio tomorrow regarding continuing the senate investigation of campaign expenditures, he proposes to deny himself to visitors until the speech is in type, as he wishes to give a week's time for press distribution.

The governor's work will be broken next Friday for the "homecoming" celebration planned by Dayton citizens. Announcements are made that it will be a non-partisan affair, with a parade by various organizations, supplemented by other entertainment. Brief addresses by Governor Cox and Mayor Switzer are scheduled. Citizens of Middletown and Hamilton where Cox spent his early life, also will participate.

SOME BASEBALL GAME IS PLAYED

Score Is 16 to 2 Against Ogden; Hits Well Scattered; Over Entire Diamond

TREMONTON, July 26.—Ogden took the short end of a 16 to 2 score in an exhibition game at Tremontion Sunday afternoon. The exhibition consisted mainly of hitting, fielding, base running and pitching—by the members of the Tremontion team.

The Tremontioners, evidently figuring that their team was somewhat weak in spots, strengthened up slightly and when they took the field, Marty Krug was holding down the keystone sack and he was easily recognized despite the absence of the Salt Lake Bees uniform. Tommy Fitzpatrick and Fallentine—stars who have been scintillating in the first Idaho league, were described on third and behind the plate respectively.

Krug contributed three singles, a double and a triple out of six trips to the plate, or a percentage of ninety. Fallentine drew two singles, a double and a triple, netting him a mark of 1000 while Fitzpatrick was only able to collect two singles and a double, netting him only 550.

There is always a reason for a one-sided score and in this case Ogden's twirler missed train connections and was not in evidence. Ryan has it that said twirler was to have been loaned by the Seattle team. Scott took up the burden of the Ogdenites for three innings and kept the hits well scattered—some going to left field, some to center, some to right and the balance over second and short.

CORN AND WHEAT DROP HEAVILY ON CHICAGO EXCHANGE

CHICAGO, July 26.—Big drops in the price of grain today accompanied disturbing financial and industrial developments, especially reports of the closing down of a large motor enterprise on account of inability to sell its products. Wheat dropped as much as eight cents a bushel and corn 2.50.

Optimistic bank reports about crop conditions had started the grain market downward, but lower prices came after reports circulated of weakness in the stock market and of industrial difficulties. Prices on "change here flipped at the lowest point of the day, with December delivery of corn down to \$1.23 in some cases as against \$1.37 5-8 at the close on Saturday.

Extreme declines in wheat amounted to eight cents a bushel and in corn 2.50. Soyabean fell \$2.00 a barrel and hard more than \$1 a hundredweight.

OPEN SHOP IS ISSUE BETWEEN ASPIRANTS IN TEXAS PRIMARY

DALLAS, Tex., July 26.—Pat M. Neff, of Waco, gained slowly on Joseph W. Bailey, former United States senator from Texas, in the contest for the Texas gubernatorial nomination when 349,999 votes from Saturday's primary had been tabulated today by the Texas election bureau, but it became increasingly evident that neither would score a majority and would be opponents in a runoff primary, August 23. Bailey, who ran on a "open shop" platform had 115,526 votes, according to the unofficial tabulation which increased returns from 250 counties. Neff's vote totalled 111,347.

KANSAS MINERS' STRIKE IS ON

President Howatt's Claims That 6000 Men Are Out Disputed by Operators

PITTSBURG, Kan., July 26.—Returns from over the Kansas coal fields at noon today were in conflict. Alex. Howatt, president of the Kansas Miners' union, said that half of the union is on strike, six thousand miners being out. At operators' headquarters it was said that materially fewer miners than half were idle.

The strike was started Saturday as a protest against the deduction of fines from the pay of miners for refusal to work on Saturdays. Howatt said that miners who were working today would clean up the mines and be idle tomorrow.

Governor Allen and Attorney General Hopkins should do something, Howatt said. "Half of the miners of Kansas are out. This simply illustrates again that you can put men in jail but you can't force men to work."

ADRIANOPLE IS TAKEN BY VICTORIOUS GREEKS

ATHENS, Greece, July 25.—(By The Associated Press.)—Adrianople fell to the Greeks this evening, according to an official statement issued tonight. King Alexander intends to enter Adrianople Monday, the statement says.

HARDING AND CAPPER CONFER

Kansas Senator Says Sugar Situation Shows Failure of Democrats

MARION, O., July 25.—The needs of western farmers were talked over with Senator Harding today by Senator Capper of Kansas and Henry Wallace of Des Moines, Ia., both editors of farm publications, and in a statement afterward Senator Capper declared the farmers of the west were "fast realizing why it is necessary that the Republican ticket be elected."

To put the Democrats back into power, the Kansas senator said, would be to turn the government over to the south and the Democratic machines of the various Tammany states of the north.

Senator Capper's statement blamed the Democratic administration for market inequalities favorable to the cotton and sugar industries, and declared Governor Cox a nomination for president by the Democrats placed the party under a joint obligation to southern interests and to the "bosses" of the north. Governor Cox, he said, "in the eight years he has dominated Democratic politics in Ohio, has built a machine based on the Tammany model."

"During the war and since," the statement said, "we have seen what southern control means. The southern states were for rigidly controlling and limiting the price of wheat that compelled the farmers to take far less than the market value for an uncontrolled market. Cotton went to dizzying prices."

Recently we have seen the same thing in the case of sugar. I know no more complete demonstration of Democracy's administrative incompetency than in the story of sugar this year.

"People are paying up to 30 cents for sugar, and can't get it at that. Yet there is sugar enough for all. It is held by speculators to boost prices. The northern and western farmers have borne the burden of restrictions, while the cotton and sugar raisers and the speculators got away with profits beyond calculation."

BANKS HURT BY LOANS ON LAST YEAR'S GRAIN

CHICAGO, July 26.—Failure to liquidate grain loans incurred in moving last year's crops, a situation largely due to the car shortage, will strain the country's credit facilities still further when the movement of the 1920 crops begins, the Seventh Federal Reserve bank announces in its July report. The banks will be called on to finance two crops at one time, it is pointed out, and at the same time the huge amounts of capital furnished by the United States Grain Corporation last year have been withdrawn.

MODERATE RED IS GIVEN PLACE

LONDON, July 26.—Leonid Borzovitch Kraasin, who came into the public's attention when he came to London this summer as head of a commission to negotiate the reopening of trade relations between soviet Russia and the outside world, has been one of the few "moderates" to be given a place of responsibility in the soviet governmental machinery and has been characterized as a "bourgeois bolshevik."

For engaging in a students' demonstration, Kraasin was expelled from the Petrograd technical institute. Subsequently he engaged in a number of plots against the czarist regime, but continued to advance in his profession, that of an electrical engineer.

Following the bolshevik coup of October, 1917, Kraasin was offered a seat in the ministry which he declined as he thought Lenin's adventure too risky and his theories too sweeping. But his relations with Lenin were cordial and he accompanied Lenin and Trotsky when they went to Great-Litovsk to negotiate the treaty with Germany.

When it became apparent that the bolshevik government would last, Kraasin threw in his lot with it and became commissary of food in the red army.

A "bourgeois bolshevik," Kraasin is said to have little or no belief in the theories and aims of the soviet government. For the time at least, however, he was convinced that nothing was to be gained by resistance to the control of the workers. He came to an understanding with the workmen in his own factory, giving shape to the soviet experiment.

RAIN ASSURES BUMPER GRAIN CROP IN KANSAS

TOPEKA, Kan., July 26.—An all-night rainfall ranging from an inch to three and three-quarters inches fell over the northern two-thirds of the state last night, practically assuring a full crop in the heaviest corn-producing portion of the state. TEXAS TROOPS TURN OUT GALVESTON OFFICIALS; GENERAL IS DICTATOR

Galveston, Tex., July 26.—Brigadier-General J. F. Walters (insert), is military director in Galveston. The city has been placed completely under military rule by proclamation of Governor W. P. Hobby. Longshoremen have been on strike for more than three months but there has been no disorder. Martial law was proclaimed over the heated protests of the City Council, which threatened injunction proceedings.

Hobby in his proclamation said that the police commissioners and Police Judge O'Dell were not cooperating with the militia. The troops were asked for by officials fighting the military rule, seem to have the support of practically the whole city. Clashes between indignant citizens and the troops are feared. Acting on Hobby's entire police force, from chief down, ordered Judge O'Dell from the bench, and equipped the mayor, city attorney and four commissioners of all their power and took complete command. City Attorney Anderson and the commission-ers in an operation, the statement charge that the military occupation is the result of the Open Shop Association's anti-union fight. The open shop question has become the greatest political issue in Texas. Photo shows the National Guard camp on the Galveston beach in Monday Park.
